

Giza Systems Global Delivery Center (GDC)

Your Strategic Delivery Partner
From Egypt to the World

Why GDC?

The Giza Systems Global Delivery Center is a centralized, agile hub designed to support global and regional clients with high-quality, cost-effective, and scalable services.

From software development to strategic advisory, our Egypt-based GDC brings together top-tier talent, robust infrastructure, and global standards to help organizations accelerate transformation, optimize delivery, and stay ahead of the curve.

Why Egypt?

Egypt offers one of the most competitive and future-ready offshoring destinations globally:

- 100M+ population - 600K+ graduates/year - 40K ICT graduates in Cairo
- 80% of working population speak foreign languages
- Top 2 in EMEA for outsourcing readiness
- Up to 60% operational cost savings
- Certified tech workforce via national initiatives like “Egypt FWD”
- Ranked #10 worldwide on Topcoder for coding talent

Our Capabilities

The GDC enables organizations to scale quickly across key service domains:
